

- Adjustable 3 to 300 lux
- Time delay approx. 1 minute before switching takes place
- While setting the Lux-value the diode lights up if Lux-value corresponds to the current light intensity.

Twilight switch DS 10.00 for wall mounting

DS 10.00

Technical data

Voltages	230 V ±10%, 50 Hz
Channel	Normally Open, 16 A 250 VAC
Incandescent Lamp	3000 W
Fluorescent Lamp	1200 VA
Halogen Lamp	500 W
Lux range	3–300 Lux
Switching delay	approx. 1 min
Permitted ambient temperature	–50°...+50°C
Type of protection	IP 54
Dimensions	95 x 68 x 38 mm
Hysteresis	approx. 50%

Rights to technical amendments reserved.

Type/Order No.	Switching contacts
