

- Adjustable 3 to 300 lux
- Time delay approx. 1 minute before switching takes place
- While setting the Lux-value the diode lights up if Lux-value corresponds to the current light intensity.

Twilight switch 922 000

for wall mounting

922 000

Technical data

| | |
|--------------------------------------|-----------------------------|
| Voltages | 230 V \pm 10%, 50 Hz |
| Channel | Normally Open, 16 A 250 VAC |
| Incandescent Lamp | 3000 W |
| Fluorescent Lamp | 1200 VA |
| Halogen Lamp | 500 W |
| Lux range | 3–300 Lux |
| Switching delay | approx. 1 min |
| Permitted ambient temperature | –50°...+50°C |
| Type of protection | IP 54 |
| Dimensions | 95 x 68 x 38 mm |
| Hysteresis | approx. 50% |

Rights to technical amendments reserved.
